

Ingersoll Rand Forklift Part

Ingersoll Rand Forklift Parts - Offering solutions, services and products to be able to increase the productivity and to ensure efficiency in industrial, commercial and residential environments, Ingersoll Rand is very proud provider of products that help improve the health, safety, comfort and security of individuals all across the globe.

From their Climate Solutions division comes a product line of energy efficient HVACR solutions. The Thermo King is the leading transport temperature control, while Hussman makes refrigeration and food merchandising solutions. Trane is a trusted provider of energy efficient air conditioning and heating ventilation systems, contracting and building services, parts support and advanced controls used for both residential homes and commercial buildings.

The Industrial Technologies sector of Ingersoll Rand offers products and solutions to be able to enhance energy efficiency, productivity and operations for their customers. The range of products in their line consist of: pumps and tools, and material fluid handling systems to complete compressed air systems. They have also developed Club Car, the worldwide leader in utility and golf vehicles designed for companies and individuals.

Recognized brands like Schlage and Trane compromise the Residential Solutions business, delivering comfort, safety and efficiency to home owners all over North America. Some of their innovative quality products include mechanical and electronic locks, indoor air quality solutions, heating and air conditioning systems, portable security systems, advanced controls and remote home management.

Ingersoll Rand' Security technologies offer products which ensure safe, productive and secure environments. This division's market leading products comprise door and floor closers, portable security devices, exit devices, electronic and biometric access control systems, cabinet hardware, steel frames and locks and doors, decorative hardware and locksets. Schlage likewise has products that provide time, attendance and personal scheduling systems.
