

TCM Forklift Parts

TCM Forklift Parts - Forklift trucks are an important player in the material handling field of each and every global business. Transporting industrial goods takes place each day on our industrious planet. Primarily innovated as industrial vehicles during the 1930s in America, forklifts gained recognition following WWII during the 1940s. Becoming an efficient and reliable means to material handling solutions, the practicality and need of these machines spread globally.

Originally started as Toyo Carrier Manufacturing Company Limited, in 1949, the business was later renamed Toyo Umpanki Co. prior to becoming known as the TCM Corporation. Started by Mr. N. Niwa manufactured Japan's first forklift. Through the years, TCM lift trucks have become a global leader in forklift manufacturing and have built a solid reputation with the trade. TCM began building forklift manufacturing sites outside of Japan during the 1980s and is currently engaged in forklift manufacturer at three foreign factories in China, the United States and Europe.

TCM proudly manufactures numerous models of industrial trucks with more than 50 years of accumulated expertise and technology, making their products used and recognized all around the globe. Characterized by strong initiatives and energetic staff, TCM continues to look toward the future and intends to become a world-class leading business.
